

Annual HFHS Publications List 2014

This bibliography aims to recognize the scholarly activity and provide ease of access to journal articles, meeting abstracts, book chapters, books and other works published by Henry Ford Health System personnel. Searches were conducted in PubMed, Web of Science, and Google Scholar during 2014, and then imported into EndNote for formatting. Each citation is listed only once, under the department with which the first HFHS author is affiliated.

Click the “Full Text” link to view the articles to which Sladen Library provides access. If the full-text of the article is not available, you may request it through ILLiad by clicking on the “Article Request Form,” or calling us at 313-916-2550. If you would like to be added to the monthly email distribution list to automatically receive a PDF of this bibliography in your inbox, or you have any questions or comments, please contact Angela Sponer at asponer1@hfhs.org.
