

Annual HFHS Publications List 2017

This bibliography aims to recognize the scholarly activity and provide ease of access to journal articles, meeting abstracts, book chapters, books and other works published by Henry Ford Health System personnel. Searches were conducted in PubMed, Embase, Web of Science, and Google Scholar during 2017, and then imported into EndNote for formatting. The searches captured over 1,500 unique publications from Henry Ford Health System authors for 2017.
